

Invotech – INV146 Super Cable Tag – Superlock 170mm

A new tag to protect clothing, hand bags, bicycles, electrical items, sports goods, leathers etc. The tag can be looped around any item to give it total protection against shoplifters and in store tag forced theft

This tag will protect expensive merchandise against the persistent shoplifter. Whether the shoplifter tries to force the tag off in the store to by pass the EAS tagging system at the door or they try to steal it, this tag will emit a high decibel sounder that notifies staff of an attempted theft

Available in both RF (8.25 MHz) and AM (58KHz) and 2 or 3 alarm technology.

2 Alarm – Activates an EAS system and self alarms if the cable is cut

3 Alarm – Activates an EAS system, self alarms if the cable is cut and self alarms if passed through an EAS system
